

Amitava Dutta

PhD Scholar (*ongoing*)

Computational Geodynamics Lab, ECS, IISER Pune

amitavadutta.bdn@gmail.com

(+91) 8942804082

Education

- | | |
|-------------|---|
| 2026 – | PhD in Geophysics |
| | Earth and Climate Sciences, IISER Pune, India. |
| | Supervisor: Dr. Ajay Kumar |
| 2019 – 2024 | Integrated BS-MS in Geological Sciences |
| | Department of Earth Sciences, IISER Kolkata, India. |
| | MS Project Advisor: Dr. Gaurav Shukla |

Grants & Awards

[1] Awarded the CSIR-JRF in Earth Sciences to be funded by the Ministry of Earth Sciences.

Research

- | | |
|-------------|--|
| 2024 – 2025 | Research Assistant |
| | Computational Geodynamics Lab, IISER Pune, India. |
| | Topic: Thermochemical evolution of continental lithosphere and its relation to mantle cooling: plate-tectonics and beyond. |
| | Advisor: Dr. Ajay Kumar |
| 2023 – 2024 | MS project |
| | Computational Mineral Physics Lab, IISER Kolkata, India. |
| | Topic: Effect of Hydration on the Iron Spin Crossover in Bridgmanite using <i>ab initio</i> DFT calculations. |
| | Advisor: Dr. Gaurav Shukla |
| 2022 – 2023 | Semester Project |
| | Topic: Crustal evolution of different Archean cratons using receiver functions analysis implementing H-K stacking and Joint Inversion. |
| | Seismic Tomography Lab, IISER Kolkata, India. |
| | Advisor: Dr. Kajaljyoti Borah |
| 2021 | Intern |
| | GNSS Lab, Department of Physics, The University of Burdwan, India |
| | Topic: Comparison of GNSS Precise Point Positioning (PPP) using various methods. |
| | Advisor: Dr. Anindya Bose |
| 2019 | Intern |
| | GNSS Lab, Department of Physics, The University of Burdwan, India |
| | Topic: Studies on GNSS Pseudorange and Carrier Phase Residuals for Data Quality and Antenna Location Assessment. |
| | Advisor: Dr. Anindya Bose |

Research Publications

Conference Proceedings

- [1] A. Santra, **A. Dutta**, P. Banerjee and A. Bose, “A Study on Multi-GNSS Precise Point Positioning from India,” *URSI GASS 2020, Rome, Italy, August 2020*.

Teaching

Spring 2024

Teaching Assistant

Evolution of Earth & Life (EC1213), IISER Pune.

Skills

Programming & Scripting

Python, Fortran, C/C++, JAVA, Matlab, Bash Shell, Gnuplot, L^AT_EX

Geophysics & Geodynamics

Perple_X, LitMod, Paraview, Seismic Analysis Code (SAC), Generic Mapping Tool (GMT), Quantum Espresso, Vesta

Operating System

Linux, Windows

Languages

Bengali, English, Hindi

Workshops and Seminars

May, 2025

GIAN: Plate Tectonics, Orogenic Cycle and Crustal Deformation, conducted by Interdisciplinary School of Science, Savitribai Phule Pune University, India. Course Instructors: Prof. Olivier Vanderhaeghe (GET, Université Paul Sabatier, Toulouse) and Dr. Mallika Jonnalagadda (SPPU). [Certificate]

April, 2024

Department of Earth Sciences (DES) day poster titled "Effect of Hydration on the Iron Spin Crossover in Bridgmanite". [Poster]

July, 2020

Satellite Photogrammetry and its Applications, conducted by Dr. Anil Kumar and Dr. Hima Pandey of the Indian Institute of Remote Sensing (IIRS). [Certificate]

July, 2020

Application of Geoinformatics in Ecological Studies, conducted by Dr. Hiten-dra Padalia of the Indian Institute of Remote Sensing (IIRS).

Extra Curriculars

Football - Love playing and have played in and organized multiple events.

Photography - Love Still Life and Nature Photography.

Outreach - Active member of the department outreach at IISER Kolkata from 2021 to 2023. [Certificate]
